What fun we have been having in Year Three this year! So much has already happened and it’s only week 5!

So far this year we have been busy with investigations! We have been learning lots of different skills and exploring many subject areas. Two of our favourite investigation areas are Dramatic Play and Tinkering.

In week 3, we had our Class Assembly. It was based on a book called “The Churkendoose”. We had so much fun planning, rehearsing and performing this play for the school. We hope you enjoyed it as much as we did!

Last week swimming lessons began. We have been over to the pool each day and are enjoying learning different strokes and kicks. We are all very excited for the swimming carnival in a few weeks. We hope to see you there!
