“Love the Lord your God with all your heart, with all your soul and with all your mind.”
Matthew 22: 37-39

RATIONALE:

Inspired by the call of discipleship in Christ and committed to excellence in teaching and learning, we strive to “make a difference” as a community by embracing and celebrating the uniqueness, creativity and achievements of each individual. Our school aims to assist students in their intellectual, physical, social, spiritual and emotional development. Self-discipline is an important aspect of this. We recognise the worth, dignity and uniqueness of every individual in our school community.

St Joseph’s Catholic Primary School has adopted a whole school approach to bring about positive behaviour. This approach has a strong emphasis on teaching appropriate behaviours and providing systems of support to enable these positive behaviours. St Joseph’s Catholic Primary School aims to provide a safe and supportive environment in which learning takes place. This Policy recognises that we (staff, students and parents) all share the responsibility for Behaviour Management, with a positive and pastoral outlook for all.

We believe the following:

1. Learning is a cooperative activity.
2. Every student has the right to learn without being disturbed.
3. Every teacher has the right to teach without being disrupted.
4. All members of the school community have the right to be treated courteously and with respect.

SCHOOL RULES:

- LOVE GOD - Respect Self
- LOVE ONE ANOTHER - Respect Others
- LOVE THE ENVIRONMENT - Respect the place we are in

POSITIVE REINFORCEMENT

It must be emphasised that all teachers strive to create a positive, rewarding and enriching learning environment. This remains the single most significant opportunity to influence cooperative behaviour and underlies all actions in this policy. This needs to be considered at an individual, class and whole school level.

All staff at St Joseph’s Catholic Primary School will be responsible for recognising and reinforcing children who consistently and continually behave appropriately as well as those students who make an effort to manage their own behaviour. The policy also provides for those students who need additional support and direction.

The following initiatives are run at St Joseph’s Catholic Primary School to establish and maintain the students’ positive behaviour.

- Fruits of the Holy Spirit program.
- “KidsMatter” promotes positive social, mental and emotional wellbeing.
- Teach pro-social behaviours on a whole school level based on the ‘You Can Do It’ program.
- Incentive programs in the classroom which acknowledge appropriate student behaviour. Teachers design their own programs.
- Positive classroom teacher/staff attitudes.
- Individual behaviour programs to meet individual student’s needs.
- Merit Certificates (Class Teachers)
- Good Manners (Specialist Teachers)
- Golden Broom (Leadership Class)
- MAD (Make a Difference) Award (all staff members)
- Consistent expectations throughout all classrooms regarding student behaviour and procedures.

While rules are necessary, they do not change behaviour like positive action does. By valuing and developing positive relationships, and by implementing behaviour management procedures effectively, we can improve that interaction.

PROCEDURES FOR BEHAVIOUR MANAGEMENT

CLASSROOM POLICY:

All staff members have participated in the 123 Magic and Emotion Coaching Professional Development. As a school community, all staff members now follow this method of Behaviour Management, allowing there to be a common language for all staff, students and parents.

123 Magic is an evidence-based program that is easy to use and works effectively. There are three steps to 123 magic:

**Step One** involves managing undesirable behaviour by counting 1, 2 or 3. On the count of 3, the student will have to take a short timeout or sometimes a privilege can be removed. This simple technique is remarkably effective when applied with the three principles of the program.

**Step Two** involves the encouraging of good behaviour, for example: respect, listening to others, being organised, listening, taking turns and thinking of others.

**Step Three** involves using some valuable tools for building healthy relationships with children, including active listening, shared fun and class meetings.

If a student receives three ‘time outs’ within a section of the day eg: Recess to Lunch, then the student will be sent to one of the Assistant Principals if they are not teaching or to the Principal. The consequences of the behaviour will be determined by the member of the Leadership Team. eg: Loss of privilege, timeout from the class room working in the Leadership Team member’s office or lunch time detention.

If the behaviour continues, then this will be referred to the Principal and parents will be invited in to the school for a meeting. Possible consequences for consistent misbehaviour: loss of privileges, detention, in school detention, loss of privileges.

Extreme behaviour will lead to in school detention or out of school detention.

**Support Classes: Italian, The Arts, Sport & Library:** All staff members follow the 1,2,3 Magic procedure. To enable consistency and monitoring of behaviour, students will be issued a 1,2,3 magic slip ‘Time Out’ slip. If a student receives three of these slips, then they will need to meet with the Assistant Principal and consequences for their behaviour will be ascertained.

MANAGEMENT OF BULLYING AND HARASSMENT

This Bullying and Harassment component integrates with the school’s Behaviour Management Policy. There is a strong statement to the school community that bullying and harassment will not be tolerated at St Joseph’s Catholic Primary School.

DEFINITION OF BULLYING:
Bullying is when there is an inappropriate use of power. When a person or group of people hurts (emotionally / physically) or frightens another person deliberately (on purpose) and repeatedly (again and again).

Harassment can be seen as a form of bullying. Harassment is any unwanted, unwelcome or uninvited behaviour which makes a person feel humiliated, intimidated or offended.

The nature of bullying may be:

**Verbal:**
- Name calling (spoken, written or electronic)
- Teasing / laughing and joking about someone
- Using hurtful and racist names

**Physical:**
- Hitting, punching, pushing, kicking, tripping, throwing objects
- Deliberate action – with intent to harm

**Social:**
- Excluding someone from play (ignoring, hiding, ostracizing)

**Psychological:**
- Cyber bullying - Internet/electronic harassment (inappropriate email/text messages…)
- Threatening someone
- Spreading of rumours
- Hiding or breaking someone’s belongings

RESPONSE TO INCIDENTS OF BULLYING

Children are not expected to tolerate bullying or suffer in silence. They will be encouraged to disclose problems in an environment in which they feel safe and supported.

The management of incidents of alleged bullying will involve the child, parent and teacher. If it is a duty teacher, the matter is dealt with, and the classroom teacher is informed. The class teacher retains overall responsibility to manage alleged incidents after immediate issues of safety and fact finding are completed. At any stage, or in the case of recurring, complex or serious bullying incidents, teachers may refer the matter to the leadership team. The referral is made for consultation, counselling or management (including consequences if necessary).
PROCEDURES FOR STUDENT REPORTS OF BULLYING
Students need to be encouraged to report any incidents of alleged bullying to teachers whether they are the person being bullied or a bystander. Reports can be made verbally or through a written reporting system, which is treated confidentially. Students will be given the option of submitting concerns in a sealed box in their classroom, accessed only by the class teacher. Anonymous submissions are acceptable.

The teacher will use discretion whether the matter is raised at the class meeting. (if appropriate)
Sensitive management is required by teachers when handling concerns raised by students, whether received as a verbal or written report.

PROCEDURE FOR PARENT REPORTS OF BULLYING
Parents are instructed to meet with their child’s class teacher as the first point of contact. If necessary, other staff such as the principal may be involved.

PROACTIVE MEASURES TO MINIMISE BULLYING
☐ Promotion of the school values.
☐ Information on bullying will be made available to parents, teaching and non teaching staff in the form of literature, educational sessions or through discussions as required.
☐ The school curriculum will provide opportunities for teaching preventative and proactive programs such as KidsMatter and You Can Do It, and other material covering protective behaviours.
☐ Students will be given opportunities to talk about bullying and other social problems they may be experiencing through regular class meetings and circle time.
☐ Teachers will teach and model positive cooperation through restorative practices in building positive relationships, negotiation, compromising, sharing, valuing the opinions of others, discussion skills, respecting others and developing good communication skills.
☐ At risk students will be supported to learn appropriate ways of communicating their needs and relating to others. This support will be provided by the class teacher, with additional assistance from the school social worker.
☐ Emphasise a restorative approach by listening to both sides, problem solving and facilitating students to find solutions to their interpersonal issues.
☐ Provide a regular buddy program - pairing younger students with older students for a variety of activities both with an academic and social focus.
☐ Regular incursions for students – topics may include cyber bullying, keeping ourselves safe…
☐ Encourage restorative practice and cooperative learning throughout the school.
SEVERE CLAUSE:

A severe clause will apply for instances of wilful, persistent, malicious or dangerous behaviour, which threatens the safety of people and/or property, or disrupts the normal teaching and/or working environment of the school.

The Principal and/or the Administration Team reserve the right to deal with instances of severely disruptive behaviour on their individual merits. Any consequences resulting from a severe clause will not be implemented until the matter has been discussed with the parents of the child.

Repeated instances of severely disruptive behaviour will lead to consequences such as in-school suspension and out-of-school suspension.

In keeping with Catholic Education Office policy the Principal reserves the right to exclude a student from school for extremely serious or repeated instances of gross misconduct, serious infringement of school rules, behaviour that is persistently disruptive or contrary to the mission statement of the school. It is hoped that this final step would be used very rarely if ever.

I have read and discussed this school Discipline policy with my children and agree to support the school and staff by ensuring that my children abide by the rules and procedures contained within.

CODE OF GOOD CONDUCT

Love God  Love One Another  Love the Environment

COURTEOUS, CONSIDERATE AND CO-OPERATIVE BEHAVIOUR:

At St Joseph's School we are always expected to show real consideration for others. That means that we consider their feelings and their rights at all times - and don't just think of ourselves.

Considerate behaviour also means that we treat others with courtesy and politeness. We use people's names when we speak to them. We speak clearly and nicely; and we use respectful language. We never answer back, mutter under our breath or pull faces when we are being spoken to or when we are speaking to anyone.

Being courteous also means that we use manners when we speak. ("Please", "Thank you", "Excuse me", "I beg your pardon", etc.) We are polite to others (and we should expect to be treated in a polite and considerate manner also).

Being considerate means being aware of the feelings of others. We never tease people, laugh at them, make fun of them or 'put them down'. We treat others in the way we would like them to treat us, and we allow others the right to be accepted as individuals.

Co-operative behaviour means that we work well with others and that we are prepared to share and to take turns. We should not try to dominate others - nor should we expect (or accept) to be pushed around by others.

Our attitudes and our 'body language' should always show our consideration.

Being a ‘Bystander’ and not supporting our school mates is not acceptable. We do not support Bullying at St Joseph’s.
