COVID-19 Phase Update

Dear Parents and Caregivers

No doubt you are aware of Premier Mark McGowan's announcement this morning regarding continuing the current Phase Four precautions.

We will continue to implement our current protocols until 25 October 2020, as directed. If all goes well, we will finally be able to invite you to our Grandparents' Liturgy, offered up by our Kindergarten class, followed by light refreshments on Monday 26 October 2020.

Unfortunately, Phase Four restrictions will still be in place for our Athletics Carnival (4 September), however, we will review the logistics to ensure our students and families can enjoy this event in the safest way possible. We will send out information closer to the event.

This also impacts our CLUBS program, however, our wonderful staff will continue this initiative without parent assistance this year. Although it will be modified, at least the essence of exposing our students to variety of experiences across the year levels will continue.

Thank you for our ongoing support during these challenging times.

Kind regards,

Mrs Joy Ketteringham  
*Principal*

*Faith & Trust*
