

Term 1 in Year 2

We have had a very busy start to the year but we have been having so much fun! We loved completing our swimming lessons earlier in the term and enjoyed celebrating St Joseph's Day.

Mathematics

In Maths we have been focusing on skip counting by 2's, 5's and 10's. We are getting better and faster at our counting every week. We have been doing lots of activities to practise our addition and subtraction skills, including making our own number sentences. We have also been learning about three-digit numbers and how to order them using our place value knowledge.

English

We love doing our literacy group activities each morning because we get to practise reading and writing in lots of fun ways. We have been learning about the structure of narratives and recounts and have been producing some awesome writing!

Religion

In Religion we have been learning about making positive choices. We have been thinking of ways to do something good every day, just like Jesus did. We have also been writing some beautiful prayers of thanks.
